

KINEFAC[®] CORPORATION

Preferred Die Source For All Cylindrical Die Machines

For Over 40 Years

Kine-Form[®] Rolling Dies

For

Threads Worms Knurls Ball Screws Splines Serrations

High precision tooth forms of superior material and heat treat provide our users with outstanding quality rolled parts and excellent die life at competitive prices

Kinefac provides its die customers with unparalleled application engineering, assisting them in:

- Evaluating part function
- Developing rollable forms
- Defining blank requirements
- Selecting part material
- Developing work support tooling
- Designing and manufacturing dies
- Test rolling the dies
- Specifying rolling cycle and setup

When Kine-Form dies enter production Kinefac can provide the user with its unique *DIE PERFORMANCE OPTIMIZATION* program
